15TH YEAR. NO. 125.

EAST LIVERPOOL, O., FRIDAY, NOV. 3, 1899.

TWO CENTS

STRIKE SETTLED

An Amicable Agreement Was Reached This Morning.

GIRLS GET 12 1-2 CENTS A DAY

And Accept the Proposition of the Manufacturers--Will Return to Work Tomorrow Morning--Everything Has Been Satisfactorily Adjusted and the Whole Town Rejoices.

The strike has been amicably adjusted and all the potteries will resume in full tomorrow morning.

At 9 o'clock this morning the manufacturers' committee, consisting of W. E. Wells, H. N. Harker, J. G. Lee, G. C. Thompson and John Vodrey, met the strikers' committee, Mrs. S. Pollock, Miss Mary Bolton, Miss Rose Childers, Mrs. Sadie Hayes and John G. Powell. The session was held at the Potters' club rooms and Secretary Bishop was also present. The committees were in session just 45 minutes when the strike committee returned to their local, which was in session in the Ferguson & Hill hall, and in a few minutes returned with full power to act.

The manufacturers then made a proposition to increase the wages of the girls 12 1/2 cents per day or just one-half what they asked. The matter was discussed for one hour and fifteen minutes and then the strikers' committee accepted the proposition and reported to their local. The hours they shall work will remain the same as before the strike. The potteries will all resume in the morning.

The best of good feeling prevailed at the meeting and the settlement was reached on the basis that both sides had equal rights and neither desired to be arbitrary.

Appointed the Committee.

The strikers at their meeting yesterday afternoon appointed Mrs. S. Pollock, Miss Mary Bolton, Miss Rose Childers, Mrs. Sadie Hayes and John G. Powell as a committee to meet with the manufacturers' committee.

Adopted a Scale.

The union met last evening and held a brief session, at which they adopted a scale of wages. The scale says that they shall receive \$1 per day and shall return to work at their old hours. In some of the potteries they were working nine hours and in others 10 hours per day.

The Charter Arrived.

The charter for the new local arrived this morning and it is number 7606. The names signed to the charter are: Margaret Irwin, Alice Petticord, Belle Gallagher, Mary Hay, Sadie Wedgewood, Mrs. Douglass and Cora Grey.

Two Meetings.

This is the regular meeting night of the board of health and if a quorum is secured they will elect a new clerk. They have no other business to transact. The water works trustees will meet this evening and pay a number of bills.

New Way to Haul.

Moody Coburn received serious injuries last week by falling from the top of a load which he was hauling beneath the heels of the horses.—Buckeye State.

A COAL STAGE.

Large Shipments Will Be Brought Here Tonight and Tomorrow.

The river is rising more rapidly than the rivermen expected and some of the coal dealers will be caught by not having their boats in proper shape to send out. One fact which gratifies the boatmen is that they will all receive higher wages. The first boat to come here since June was the Relief, which came down last night to get empty flats. The Relief, Hawk, Clifton and Clipper will bring coal to this place during tonight or tomorrow morning and as the rain of last night will raise the stream more southern shipments will be made. It is expected that about 200,000 bushels of coal will be tied to the several floats here by Sunday night. The marks at the wharf today registered five feet and rising.

SEWER PIPE PLANT.

East Palestine Is Rejoicing Over the Prospects of Getting One.

East Palestine is rejoicing over the prospects of having a sewer pipe plant located there by the Columbia Sewer Pipe company. The Reveille Echo says: "There is some question yet as to the location, but it will probably be at the Carbon Hill mine, for there is an abundance of clay and coal there and the switch is already for business. An immense building will be constructed. It will be 280x90 feet and four stories high. The company will furnish work for from 80 to 100 men, besides those working in the clay and coal banks."

BARR--MEALEY.

Quiet Wedding Ceremony at the First M. E. Parsonage Last Evening.

At 9 o'clock last evening at the First M. E. parsonage Rev. Dr. Clark Crawford performed the ceremony uniting in marriage Emmett Barr and Miss Nettie Mealey. A few invited friends were present.

Mr. Barr was formerly proprietor of the Thompson house and has resided in the city for the last three months. The bride's family removed to East Liverpool from Uhrichsville last week. Both bride and groom have made many friends in the city. They will reside here.

PASSENGER KICKS.

Says If Street Railway Companies Want His Fare They Can Come and Get It.

A curious question has arisen in Salem, and it will be strange if it does not find its way into the courts. The street cars in that city are run without conductors, and each passenger is supposed to drop the fare into the box himself. This a passenger the other day refused to do, claiming that if the railroad company wanted his fare its representative must come to him at his seat and get it. The question is a new one, and its decision, the Buckeye State says, will be watched for with interest.

Hearing a Case

The case of Daniel B. Lee against Thomas Smith is being heard this afternoon by Justice Rose. The suit is for \$100 damages, claimed due over the sale of two horses.

Local Marriage License.

LISBON, Nov. 3.—[Special].—Marriage license has been issued to Amos Rayl and Maggie Davidson, both of East Liverpool.

SOME EXTENSIVE IMPROVEMENTS

Mr. Metsch Will Not Confirm or Deny the Story and the Price Paid Is Not Given Out--The Company Will Increase Their Facilities In This City.

It is stated today on reliable authority that C. Metsch has sold his property on Railroad street to the Pennsylvania railroad company and that they will take possession within a short time.

Mr. Metsch when seen refused to either confirm or deny the rumor and had nothing to say on the subject.

The property was not sold direct to the railroad company but was purchased through a third party. It is said the railroad company contemplate extensive improvements and will put up an outbound freight depot on the land. It is also thought they intend to bridge the Broadway wharf and will utilize all the ground they own.

Another rumor says the railroad company has been endeavoring to purchase the ground on the north of Railroad street between Broadway and Walnut street.

The price paid for the Metsch land is not given out.

The issues this fall are as important as any ever voted on. Do not fail to vote.

Is the country prosperous? Then vote to keep it so by supporting the party that made it so.

The Republican party offers an intelligible and comprehensive policy. What do the Democrats offer?

What's the matter with Nash and the ticket? What's the matter with the Republican platform? They're all right.

Do you really believe the Democratic party can do any better than the Republican? Do you believe they can do half as well?

Not alone has the country always been prosperous under Republican rule, but the only hard times experienced have been under Democratic administrations.

Don't change horses crossing a stream. The Republican administration guided the nation to victory over Spain and can do the same thing in the Philippines.

WHY?

There have been trusts in this country for years. Why didn't the Democratic administration, under Cleveland, when they had every branch of the government under their control, legislate upon this question?

ARBITRATION.

The successful settlement of the strike shows two things. First, the advantage of arbitration over persistent strike methods, and second, the advantage of having a board of arbitration, authorized by the state, acting in the name of the state and under the state law.

STRIKE SETTLED.

The Golden Rule has prevailed. Mutual concessions have resulted in a satisfactory settlement of the difference between employers and employed. This is the best news East Liverpool could

DON'T EXPERIMENT.

This is no time for experimenting! Don't "monkey" with prosperity. When you've got it, keep it. DON'T change horses crossing a stream. The Republican administration guided the nation to victory over Spain and can do the same thing in the Philippines.

WHY?

THERE have been trusts in this country for years. Why didn't the Democratic administration, under Cleveland, when they had every branch of the government under their control, legislate upon this question?

ARBITRATION.

THE successful settlement of the strike shows two things. First, the advantage of arbitration over persistent strike methods, and second, the advantage of having a board of arbitration, authorized by the state, acting in the name of the state and under the state law.

STRIKE SETTLED.

THE Golden Rule has prevailed. Mutual concessions have resulted in a satisfactory settlement of the difference between employers and employed. This is the best news East Liverpool could

DON'T EXPERIMENT.

This is no time for experimenting! Don't "monkey" with prosperity. When you've got it, keep it. Don't try to vote it better by voting for Jones, who represents nothing, or McLean who only represents himself. Stand by McKinley and the Republican party. You know what they are, what they have done and will do.

The voters of East Liverpool will have the last opportunity to hear the issues of this campaign ably discussed on Monday night, Nov. 6, when the Hon. John C. It is said his argument in behalf of Mrs. George was one of the finest displays of forensic eloquence ever heard within the walls of a courthouse. Don't miss this. *

An Eloquent Orator.

The voters of East Liverpool will have the last opportunity to hear the issues of this campaign ably discussed on Monday night, Nov. 6, when the Hon. John C. Welty, of Canton, O., will address them in the Grand Opera House. Mr. Welty is one of the ablest Democratic orators in Ohio, it being due to his able and masterly argument in defense of Mrs. Annie E. George for the murder of Geo. D. Saxton, brother-in-law of President McKinley, that she is today a free woman. It is said his argument in behalf of Mrs. George was one of the finest displays of forensic eloquence ever heard within the walls of a courthouse. Don't miss this.

NEXT WEEK

Work Will be Commenced on the Trunk Sewer in the Second Sewer District.

The work on the trunk sewer in district No. 2 will be commenced early next week and if the city can get plenty of workmen and the weather remains good the sewer can be completed in five or six weeks. This is not probable, however, and it will very likely take several months to get the work done.

Cumberland People Will be Glad to See Chester Grow,

AND EVEN TAKE THE COUNTY SEAT

The Brenneman Well Came in Dry—Drilling on the Heck No. 2 Had to be Stopped Owing to the Scarcity of Water—Pay Day at the Mill.—News of Chester.

The Cumberland Independent says: "The people of Cumberland are not jealous of Chester, but want to see the new town grow and prosper. The people here have not given the matter of the county seat any serious consideration as yet, and there is little if any talk about it, the people realizing that it will be several years before Chester will be in shape to take any action on the county seat. When the time comes, if it does come, when a vote is taken on the removal of the county seat, if three-fifths of the voters of the county declare in favor of Chester as the county seat, we have no doubt all the people, not only of Cumberland, but the entire county will acquiesce in the result. In the mean time let us hope that our sister town may grow and prosper, as the more people that locate in the county and the more rolling mills and potteries built, the better county we will have."

You have often noted the exquisite taste displayed in the arrangement of the handsome show window of Erlanger's superb clothing establishment, corner of Fifth and Washington streets. The writer has often heard flattering remarks respecting the same, and naturally drifted from window to the interior of the storeroom, where he was delighted to find an establishment equal to any of the clothing establishments in our great cities. Each and every department is superbly arranged, while the goods are the very best manufactured, nobby, stylish and desirable. East Liverpool has just cause for pride in such an elegant place of business.

MAYOR'S PROCLAMATION

RELATING TO THE SALE OF

Intoxicating Liquors on Election Day.

WHEREAS, The statutes of the state of Ohio provide that whoever sells or gives away any spirituous, vinous or malt liquors on any election day, or being the keeper of a place where any such liquors are habitually sold and drunk, fails on any election day to keep the same closed, shall be fined not more than one hundred dollars, and imprisoned not more than ten days.

AND WHEREAS, Tuesday, the 7th day of November, A. D. 1899, is such an election day;

Now, therefore, I, Charles F. Bough, mayor of the city of East Liverpool, within said state, by virtue of authority vested in me by said statutes, and in compliance with requirements thereof, do hereby warn the public concerning the provisions of said statutes as above set forth, and that all violations of the same on said day will subject the offender to speedy punishment. And all officers invested with police powers within said municipal corporation are hereby commanded to close all places where said statutory provisions are violated, and to report forthwith to me all violations thereof.

Given under my hand and official seal, at my office, in said municipal corporation, on this 2d day of November, A. D. 1899.

THE Surprise Clothing House,

Anticipating the rise in woolen and cotton goods, bought their woolens and cottons direct from the mills one year ago. We agreed to take so many goods each week till our orders were filled, and have been manufacturing and making them into men's, boys' and childrens' suitings, overcoats and pantaloons ever since. As we bought these goods before the rise you will see, naturally, we will be able to undersell all competitors.

Under any other circumstances we would have plenty of room in our stores, but under existing circumstances we will be overcrowded, and must do something to make room for the goods that we have and the goods we are receiving every week, and in order to do so we are selling all goods in clothing and gents' furnishing goods at the old prices, and in many instances for less.

Owing to our big outlet for gents' furnishing goods, we are enabled to buy our goods direct from the mills in case lots. We therefore can save you the middleman's profit in both your

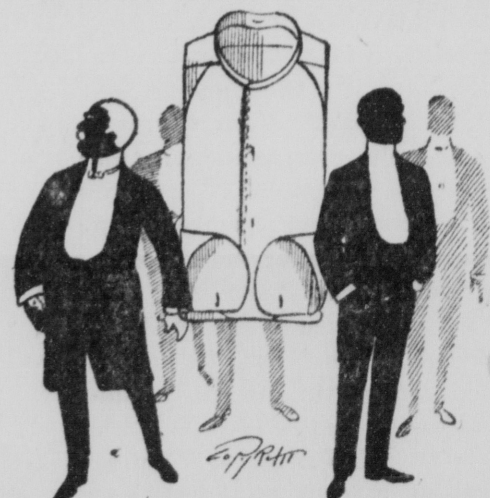

clothing and gents' furnishing goods. We haven't the space to quote you prices; in fact it would take a whole book to tell you the good things we have for you.

We extend you an invitation to call and see us when buying your fall clothing and gents' furnishing goods, and save money. Strictly one price to all.

Wednesday evening at St. John's Lutheran church the congregation and Sunday school contributed \$49.60 as a birthday offering.

Elmer Wright, of Erie, will commence drilling for oil on the Anewater farm, near the camp ground, Monday. The rigging has been shipped.

The well at the water works was cleaned out this week. As the reservoir has but a capacity of 10 hours only a little work could be done at a time.

Parties are still trying to lease a portion of the campground to drill for oil. A meeting of the trustees will be held soon to take action on the proposition.

Traffic on the street railway line was delayed this morning by the breaking of the trolley wire near the Ralston culvert. The break was in the same place as that of last Tuesday.

The rollers at the freight depot worked until 1 o'clock this morning. Shipments of ware were heavier yesterday than they have been for months. The rollers never worked as late before.

15TH YEAR. NO. 125.

EAST LIVERPOOL, O., FRIDAY, NOV. 3, 1899.

TWO CENTS

STRIKE SETTLED

An Amicable Agreement Was Reached This Morning.

GIRLS GET 12 1-2 CENTS A DAY

And Accept the Proposition of the Manufacturers--Will Return to Work Tomorrow Morning--Everything Has Been Satisfactorily Adjusted and the Whole Town Rejoices.

The strike has been amicably adjusted and all the potteries will resume in full tomorrow morning.

At 9 o'clock this morning the manufacturers' committee, consisting of W. E. Wells, H. N. Harker, J. G. Lee, G. C. Thompson and John Vodrey, met the strikers' committee, Mrs. S. Pollock, Miss Mary Bolton, Miss Rose Childers, Mrs. Sadie Hayes and John G. Powell. The session was held at the Potters' club rooms and Secretary Bishop was also present. The committees were in session just 45 minutes when the strike committee returned to their local, which was in session in the Ferguson & Hill hall, and in a few minutes returned with full power to act.

The manufacturers then made a proposition to increase the wages of the girls 12 1/2 cents per day or just one-half what they asked. The matter was discussed for one hour and fifteen minutes and then the strikers' committee accepted the proposition and reported to their local. The hours they shall work will remain the same as before the strike. The potteries will all resume in the morning.

The best of good feeling prevailed at the meeting and the settlement was reached on the basis that both sides had equal rights and neither desired to be arbitrary.

Appointed the Committee.

The strikers at their meeting yesterday afternoon appointed Mrs. S. Pollock, Miss Mary Bolton, Miss Rose Childers, Mrs. Sadie Hayes and John G. Powell as a committee to meet with the manufacturers' committee.

Adopted a Scale.

The union met last evening and held a brief session, at which they adopted a scale of wages. The scale says that they shall receive \$1 per day and shall return to work at their old hours. In some of the potteries they were working nine hours and in others 10 hours per day.

The Charter Arrived.

The charter for the new local arrived this morning and it is number 7606. The names signed to the charter are: Margaret Irwin, Alice Petticord, Belle Gallagher, Mary Hay, Sadie Wedgewood, Mrs. Douglass and Cora Grey.

Two Meetings.

This is the regular meeting night of the board of health and if a quorum is secured they will elect a new clerk. They have no other business to transact. The water works trustees will meet this evening and pay a number of bills.

New Way to Haul.

Moody Coburn received serious injuries last week by falling from the top of a load which he was hauling beneath the heels of the horses.—Buckeye State.

A COAL STAGE.

Large Shipments Will Be Brought Here Tonight and Tomorrow.

The river is rising more rapidly than the rivermen expected and some of the coal dealers will be caught by not having their boats in proper shape to send out. One fact which gratifies the boatmen is that they will all receive higher wages. The first boat to come here since June was the Relief, which came down last night to get empty flats. The Relief, Hawk, Clifton and Clipper will bring coal to this place during tonight or tomorrow morning and as the rain of last night will raise the stream more southern shipments will be made. It is expected that about 200,000 bushels of coal will be tied to the several floats here by Sunday night. The marks at the wharf today registered five feet and rising.

SEWER PIPE PLANT.

East Palestine Is Rejoicing Over the Prospects of Getting One.

East Palestine is rejoicing over the prospects of having a sewer pipe plant located there by the Columbia Sewer Pipe company. The Reveille Echo says: "There is some question yet as to the location, but it will probably be at the Carbon Hill mine, for there is an abundance of clay and coal there and the switch is already for business. An immense building will be constructed. It will be 280x90 feet and four stories high. The company will furnish work for from 80 to 100 men, besides those working in the clay and coal banks."

BARR--MEALEY.

Quiet Wedding Ceremony at the First M. E. Parsonage Last Evening.

At 9 o'clock last evening at the First M. E. parsonage Rev. Dr. Clark Crawford performed the ceremony uniting in marriage Emmett Barr and Miss Nettie Mealey. A few invited friends were present.

Mr. Barr was formerly proprietor of the Thompson house and has resided in the city for the last three months. The bride's family removed to East Liverpool from Uhrichsville last week. Both bride and groom have made many friends in the city. They will reside here.

PASSENGER KICKS.

Says If Street Railway Companies Want His Fare They Can Come and Get It.

A curious question has arisen in Salem, and it will be strange if it does not find its way into the courts. The street cars in that city are run without conductors, and each passenger is supposed to drop the fare into the box himself. This a passenger the other day refused to do, claiming that if the railroad company wanted his fare its representative must come to him at his seat and get it. The question is a new one, and its decision, the Buckeye State says, will be watched for with interest.

Hearing a Case

The case of Daniel B. Lee against Thomas Smith is being heard this afternoon by Justice Rose. The suit is for \$100 damages, claimed due over the sale of two horses.

METSCH SOLD HIS LAND

The Pennsylvania Railroad Purchased It.

SOME EXTENSIVE IMPROVEMENTS

Mr. Metsch Will Not Confirm or Deny the Story and the Price Paid Is Not Given Out—The Company Will Increase Their Facilities in This City.

It is stated today on reliable authority that C. Metsch has sold his property on Railroad street to the Pennsylvania railroad company and that they will take possession within a short time.

Mr. Metsch when seen refused to either confirm or deny the rumor and had nothing to say on the subject.

The property was not sold direct to the railroad company but was purchased through a third party. It is said the railroad company contemplate extensive improvements and will put up an outbound freight depot on the land. It is also thought they intend to bridge the Broadway wharf and will utilize all the ground they own.

Another rumor says the railroad company has been endeavoring to purchase the ground on the north of Railroad street between Broadway and Walnut street.

The price paid for the Metsch land is not given out.

GEORGE WILSON WAS INJURED

While Playing Football--A New Water Plug Placed at Mulberry Street and Pennsylvania Avenue--Among the Sick. Personals--News of the Busy Suburb.

There were two bad accidents in the East End yesterday afternoon and one of them almost resulted fatally. Amos Jones, who owns a small coal mine near Dry Run, was digging in the slope when without any warning a piece of slate fell, striking him on the head and left temple, rendering him unconscious. He was taken to the office of a physician, where his injuries were dressed. He will be unable to work for several weeks.

George Wilson likes the game of football, but yesterday when he received a deep cut over the right eye he said he would play no more. Wilson was practicing in the field back of the sewer-

pipe plant when he fell on a stone, striking his forehead. Several stitches were required.

GAS STILL SHORT.

Consumers East of Mulberry Street Will Have to Wait Several Days.

Yesterday afternoon there was no gas in the district east of Market street, while the houses west of Mulberry street had an excellent supply. The changes being made by the Fort Pitt Natural Gas company at Imperial have not been completed, and this is given as a cause of the shortage. By the first of the week the lines will be ready to have a full supply of gas turned into them.

A NEW PLUG.

THE issues this fall are as important as any ever voted on. Do not fail to vote.

Is the country prosperous? Then vote to keep it so by supporting the party that made it so.

THE Republican party offers an intelligible and comprehensive policy. What do the Democrats offer?

WHAT'S the matter with Nash and the ticket? What's the matter with the Republican platform? They're all right.

Do you really believe the Democratic party can do any better than the Republican? Do you believe they can do half as well?

NOT alone has the country always been prosperous under Republican rule, but the only hard times experienced have been under Democratic administrations.

DON'T change horses crossing a stream. The Republican administration guided the nation to victory over Spain and can do the same thing in the Philippines.

WHY?

There have been trusts in this country for years. Why didn't the Democratic administration, under Cleveland, when they had every branch of the government under their control, legislate upon this question?

ARBITRATION.

The successful settlement of the strike shows two things. First, the advantage of arbitration over persistent strike methods, and second, the advantage of having a board of arbitration, authorized by the state, acting in the name of the state and under the state law.

STRIKE SETTLED.

The Golden Rule has prevailed. Mutual concessions have resulted in a satisfactory settlement of the difference between employers and employed. This is the best news East Liverpool could

DON'T EXPERIMENT.

This is no time for experimenting! Don't "monkey" with prosperity. When you've got it, keep it. Don't try to vote it better by voting for Jones, who represents nothing, or McLean who only represents himself. Stand by McKinley and the Republican party. You know what they are, what they have done and will do.

MACHINISTS WOULD NOT COMPROMISE.

Conferences Held Yesterday Afternoon Were of No Avail.

A committee representing the striking machinists met in the office of the Boyce foundry yesterday afternoon with Monroe Patterson for the purpose of attempting to settle the strike. Mr. Patterson told the men he would reduce the working time one half hour a day at the old wages but could not grant their other demands. The committee reported the conference to the union last night, but that body refused to entertain the proposition made by Mr. Patterson, and decided to insist for their demands.

Mr. Patterson stated this morning that both plants would be closed down tomorrow night.

An Eloquent Orator.

The voters of East Liverpool will have the last opportunity to hear the issues of this campaign ably discussed on Monday night, Nov. 6, when the Hon. John C. Welty, of Canton, O., will address them in the Grand Opera House. Mr. Welty is one of the ablest Democratic orators in Ohio, it being due to his able and masterly argument in defense of Mrs. Annie E. George for the murder of Geo. D. Saxton, brother-in-law of President McKinley, that she is today a free woman. It is said his argument in behalf of Mrs. George was one of the finest displays of forensic eloquence ever heard within the walls of a courthouse. Don't miss this.

Work Will be Commenced on the Trunk Sewer in the Second Sewer District.

The work on the trunk sewer in district No. 2 will be commenced early next week and if the city can get plenty of workmen and the weather remains good the sewer can be completed in five or six weeks. This is not probable, however, and it will very likely take several months to get the work done.

LET THEM ALL COME

Cumberland People Will be Glad to See Chester Grow,

AND EVEN TAKE THE COUNTY SEAT

The Brennenman Well Came in Dry—Drilling on the Beck No. 2 Had to be Stopped Owing to the Scarcity of Water—Pay Day at the Mill.—News of Chester.

The Cumberland Independent says: "The people of Cumberland are not jealous of Chester, but want to see the new town grow and prosper. The people here have not given the matter of the county seat any serious consideration as yet, and there is little if any talk about it, the people realizing that it will be several years before Chester will be in shape to take any action on the county seat. When the time comes, if it does come, when a vote is taken on the removal of the county seat, if three-fifths of the voters of the county declare in favor of Chester as the county seat, we have no doubt all the people, not only of Cumberland, but the entire county will acquiesce in the result. In the mean time let us hope that our sister town may grow and prosper, as the more people that locate in the county and the more rolling mills and potteries built, the better county we will have."

Chester's New Store.

New Arrivals.

The rise in the river has caused many shantyboats to come down the river from Pittsburgh. Yesterday three boats tied to the Virginia shore near the mill landing and the men on them claim they will work at the mill.

They Will Sing.

Next Sunday at the session of the Methodist Episcopal church in Chester Rev. Clark Crawford will be assisted by the Marple family who will render several selections.

Need Some Water.

Workmen on the C. A. Heck gas well, near the Washington school house, had to cease operations on the C. F. Allison farm on account of the scarcity of water.

Resigned His Position.

Ben Cochran, who has been postmaster at Blanche postoffice for several years, has resigned his position. He will move to Chester and go in business.

Removed the Poles.

The poles formerly used for a telegraph line between Congo and Turkey-foot oil fields are being taken up and hauled away this week.

Personal.

Miss Crill, of the Free Methodist church, who has been in Pittsburgh for several days, returned home today.

Will Pay Tomorrow.

Tomorrow the employees at the mill will be paid, but the company will hold back two days on the bricklayers.

THE

Surprise

Clothing House,

Anticipating the rise in woolen and cotton goods, bought their woolens and cottons direct from the mills one year ago. We agreed to take so many goods each week till our orders were filled, and have been manufacturing and making them into men's, boys' and childrens' suitings, overcoats and pantaloons ever since. As we bought these goods before the rise you will see, naturally, we will be able to undersell all competitors.

Under any other circumstances we would have plenty of room in our stores, but under existing circumstances we will be overcrowded, and must do something to make room for the goods that we have and the goods we are receiving every week, and in order to do so we are selling all goods in clothing and gents' furnishing goods at the old prices, and in many instances for less.

Owing to our big outlet for gents' furnishing goods, we are enabled to buy our goods direct from the mills in case lots. We therefore can save you the middle-

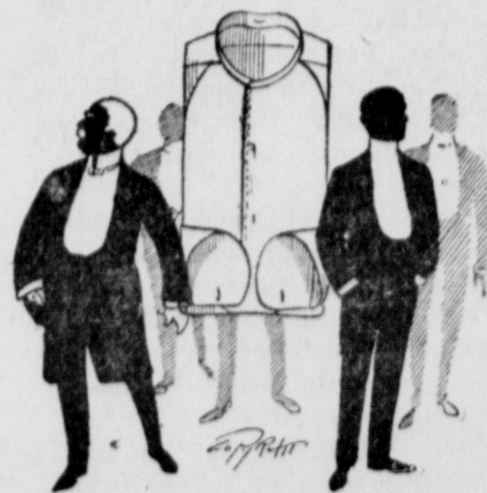

man's profit in both your clothing and gents' furnishing goods. We haven't the space to quote you prices; in fact it would take a whole book to tell you the good things we have for you. We extend you an invitation to call and see us when buying your fall clothing and gents' furnishing goods, and save money. Strictly one price to all.
